

Corporate Profile

Learn Today Innovate Tomorrow

About Us

edu plus now is an online educational platform offering self-paced courses that bridge the skill gap between classroom learning and real business challenges. The platform is aimed at providing learners with essential technical skills that help them achieve their career potential.

Aimed at providing learners with essential technical skills, edu plus now courses are created to be the perfect amalgamation of inputs from industry experts and highly-qualified professors from the country's top educational institutions. This allows individuals and companies to close the skill gap quickly, innovate faster and achieve their key objectives. At edu plus now, we believe in preparing students for success in a changing world by providing online courses that pave the path for a successful career. Built under the aegis of the Vishwakarma Group, the online education platform provides flexible learning that fits a learner's schedule

Aspiring to be The Upskilling Platform

Vision

To be a leader in online learning technologies that facilitate the next generation of teaching and learning.

Mission

To provide people an opportunity to upskill and reskill themselves and become preferred by the Global Job Market for high-end skill-based jobs.
